ECO TRAVEL Carbon Offsetting User Guide

▶ <https://china-airlines.co2analytics.com/home>

ECO TRAVEL is the carbon offsetting program at China Airlines. Delivered in partnership with Climate Impact Partners, it allows you to measure the emissions generated by your flight and offset these with Climate Impact Partners, and to reach the goal of net zero travel.

"Net Zero Carbon" Flight = *First* Calculate Carbon Footprint + *Then* Reduce Emissions + *Finally* Offset

How to reduce carbon emissions? ▶▶

For passengers: Implementing eco-friendly travel practices, such as minimizing luggage weight, etc.

For airlines: Implementing eco-friendly flight operations. [↗](#)
