ECO TRAVEL Carbon Offsetting User Guide

https://china-airlines.co2analytics.com/home
ECO TRAVEL is the carbon offsetting program at China Airlines. Delivered in partnership with Climate Impact Partners, it allows you to measure the emissions generated by your flight and offset these with Climate Impact Partners, and to reach the goal of net zero travel.
Our ECO TRAVEL Carbon Offsetting Procedure

1. Purchase emission reduction credits to offset
2. Measure remaining CO2 emissions
3. Reduce your CO2 emissions
4. Fund projects to cut emissions
5. Global emissions reduced
6. Certificate shows your emissions have been offset
